Dee Harrold

Mark Puente and Zachary Sampson- Tampa Bay Times

Discussion Items

1. Anonymous Letter of March 3, 2018

Chairman Geller stated that the purpose of the meeting is to address the anonymous letter dated March 3, 2018 in an open forum. The letter referenced to several board members by name and levied several accusations against those members. Board members were given a chance to make individual comments, regarding the letter.

Mikurak – Denies the contents of the letter. Has not had any contact with Mr. Peachey or other members, in compliance to Sunshine Law. Think it equally appalling that Mr. Marston was pulled into it.

Leavelle – Refers to the letter as an act of cowardice. Believes that the letter was written to try to intimidate Board members prior to the voting that will take place on 3/21. Denies the charges made against her and has written an email addressing the matter. Though Board members may differ on how they vote, no one is behaving with lack of integrity.

Gerard—Other than to address the accusations made, the letter is inconsequential to the decision that the Board ultimately has to make.

Price—Board’s duty is to protect public funds and that should also be considered when making a decision about paying any amount to Mr. Peachey. Has had no discussion with anyone about CareerSource matters, due to Sunshine Law.

Geller—There are too many impossibilities in the letter, for it to be taken seriously. It seems ludicrous and unrealistic.

2. Response Letter from Mr. Peachey’s Counsel

Ms. Marion Hale was permitted to address the Committee

Hale- Calls the letter “fake” and not presented on authentic company letterhead

Her company [Johnson Pope] maintains a computer trace on all client documents to know who accessed it, and when. No one reviewed the documents that the anonymous letter claims.
-Believes that only Mr. Marston himself or someone close to him could have knowledge of the personal information divulged in the letter.
-Her firm will be conducting a fingerprint test on an original copy of the documents.
-Suggests that the Board also look into the letter's authorship, since the allegations made in the anonymous letter could have potentially been made by a fellow member.

Several board members inquire about possibly tracing the source of the anonymous letter, whether through a formal investigation conducted by the County or other forensics means.

Lenne—Notes that the letter only seems to mention those board members who voted similarly, as if to give a reason to remove said members from the Board, before the next meeting.

Harris—Does not believe that the Board is in a position to take any actions against fellow members, since the County is the appointing authority. Will need to further discuss the matter with County Attorney White. None of the information that was provided in response to public records requests made by Ms. Hale contained Mr. Marston's personal information. Counsel recommends that the Committee's focus remain on their decision as it relates to Mr. Peachey and moving forward with the organization.

Gerard—Notes that Commissioners will not take the letter into consideration, when making Board appointment decisions. The County has no capacity to investigate criminal charges. Should there be a need for such investigation, the power lies with a law enforcement authority.

Harris—concerned that this letter was an attempt to isolate certain board members and to undermine their position in front of the full Board, ahead of the upcoming meeting.

Geller—It seems that the goal of the letter was to undermine the character of certain board members and to try to influence votes. There is a need to go back to the organization's mission and to move forward.

Bedwell—Believes the letter to be fake, and feels that the intimidation has come from the County Commission.

Gerard: Denies the Commission's involvement with any anonymous letters.

It is the consensus of the Committee that the anonymous letter received on March 3, 2018 is not an authentic document.

Other Administrative Matters

- Board member Karla Leavelle has agreed to assist management with any HR questions/issues, as it pertains to her line of work.
- Chairman requests to schedule an audit committee meeting to possibly extend the scope of the internal audits conducted and look deeper into the controls.
- The Ad Hoc Committee on Friday will address a path to move forward. It will also address any updates relating to the Sheriff's department.
- There will be an opportunity at the next Board meeting, to fill the currently vacant "Chair-Elect" position.

Public Comments

- Board member Kim Marston addressed the anonymous letter, in which his personal information was divulged. Mr. Marston also addressed his own response to the anonymous letter of 3/5/2018. A copy was distributed at the meeting.

Adjournment

The meeting was adjourned at 11:47 A.M.

Action Item 2

WorkNet Pinellas, Inc. - Employer of Record

Background

WorkNet Pinellas, Inc. d/b/a CareerSource Pinellas is the employer of record for the approximately 230 employees working for both CareerSource Pinellas and CareerSource Tampa Bay. WorkNet Pinellas, Inc. administers all employment activities related to these employees. As the employer, WorkNet Pinellas, Inc. has responsibility and liability under various employment laws, payroll administration, equal employment and human resource administration. CareerSource Tampa Bay reimburses WorkNet Pinellas, Inc. for salaries associated with staff assigned to that region. With the administrative suspension of the CareerSource Pinellas and CareerSource Tampa Bay President and CEO, the Chairs of each Board appointed two Interim Directors to oversee the day to day operations of the organization, one for CareerSource Tampa Bay and one for CareerSource Pinellas. In the interim, the Payroll Coordinator and Human Resource Director have been reporting to both Interim Directors. The duties associated with these positions, include the following:

Payroll Administrator

- Prepares and manages payroll processes of employees.
- Gathers all payroll related data and creates report.
- Reviews and calculates timesheets data and hours worked.
- Calculates salaries, wages and overtime wage sheets.
- Manages, maintains and updates payroll related data.
- Updates salary sheets and schedules.
- Answers and clarifies employees on payroll related inquiries.
- Submits payroll reports and sheets on time to the finance or other related department.
- Assists administrative or finance staff in processing payrolls of new hires or terminated employees.

Human Resources Administration

- Recruits and Selects employees
- Compensation and Evaluations
- Training and Development
- Compliance and Terminations

Equal Employment

- Assures legal compliance in hiring
- Creates equal opportunity programs
- Implements proactive policies
- Handles equal opportunity complaints

Recommendation: To ensure continuity of service delivery and to clarify lines of authority, align these positions with the Interim Director serving CareerSource Pinellas.

Action Item 3

Program Year 2017 – 2018 Budget Modification No. 5

Information:

Total budgeted revenue has increased from \$15,909,627 to \$16,252,262 for an overall increase of \$342,635. This is due to the following:

Workforce Innovation and Opportunity Act Programs:

Increase in WIOA Sector Strategies Construction for \$50,000

Employment Services Programs:

Increase in Veteran's programs of \$27,635

Direct Grants and Special Programs:

New award - NEG Hurricane Maria of \$50,000

Increase in Science Center of \$215,000

Recommendation

The Finance Committee recommends approval of adjustments to the revenue budgets and resultant modifications to the expenditures budgets.

Action Item 4

Financial Institution - Authorized Signer

Information:

USAmeriBank is the Organization's financial institution. Edward Peachey – former President and CEO—is an authorized signer on this account.

On February 14, 2018, Jennifer Brackney was appointed as the Interim Director by the CareerSource Pinellas Executive Committee. The Board of Directors voted to terminate Mr. Peachey without cause, on March 21, 2018 at their regularly scheduled meeting.

Recommendation

The Finance Committee recommends removing Edward Peachey as authorized signer on USAmeriBank accounts and adding Jennifer Brackney as an authorized signer.

Action Item 5

Program Year 2018-2019 Planning Budget

Information:

Career Source Pinellas has received planning allocations from the State of Florida and is anticipating a decrease in overall funding as compared to the prior year. The budgeted revenue has decreased from current budget of \$16,252,261 to a projected budget of \$11,564,332 an overall decrease of \$4,687,929.

Most of the expenditure reductions are related to federal and state awards that will be ending PY2017-2018 such as the WIOA Performance Incentives, WIOA Community Based Sector Strategy Training Initiatives, WIOA Supplemental, Wagner Peyser Performance Incentives, Supplemental Nutrition Assistance Program (ERS), National Emergency Grant Sector Partnership, Robotics/Mechatronics Earmark Grant, Department of Children and Families Food For Families, Florida Makes and AmeriCorps. In addition, the Welfare Transition Program – Non Custodial Parent grant will be administered by another workforce board in FY2019. Carry-forward amounts are estimated and will be adjusted after Fiscal Year close in July.

In addition, several funding sources show a decrease because they are multiple year grants and the amount set aside for the PY 2018-2019 is less than the previous year, including the following: WIOA Community Based Sector Strategy IT Training (\$42,000), WIOA Governor's Challenge – Hurricane Maria Outreach (\$11,280), National Emergency Grant – Hurricane Maria (\$25,000), DOL YouthBuild (\$311,887), Able Trust (\$24,011) and Juvenile Welfare Board Youth Innovators (\$2,195).

Lastly, the WIOA Dislocated Worker grant was reduced by 18 percent and Trade Adjustment Assistance (TAA) was decreased by 12 percent; additional TAA funding can be requested if needed.

Incentives for Staff within Business Services

Background

The Account Executives and Recruiters within the Business Services Department of CareerSource Tampa Bay and CareerSource Pinellas have received monthly incentives for the past several years in accordance with a plan approved at the beginning of each program year by the President and CEO. These incentives were in addition to these staff's base salary and were earned based on meeting established measurable monthly goals that were developed annually by the President and CEO and the Director of Business Services and distributed to the staff. Currently there are 7 Account Executives and 15 Recruiters within the Business Services Department of CareerSource Tampa Bay and CareerSource Pinellas that are eligible to earn incentives.

The entry level salary in the compensation plan for these two positions was determined through the study completed by Evergreen Solutions in June 2016. See salary range below:

Position Title	Minimum Salary	Mid Salary	Max Salary
Recruiter	\$40,000	\$ 52,000.00	\$ 64,000.00
Business Account Executive	\$46,600	\$ 60,600.00	\$ 74,600.00

However, due to the potential to earn incentives (up to \$16,800 annually in Program Year 2017-2018), new staff hired into the Recruiter positions were hired at a salary of \$35,000. In all cases in the last several years, Account Executives were promoted from Recruiters within the organization at a salary of \$45,500 and not recruited/hired from external sources.

Examples of the pre-defined goals established for Account Executive and Recruiter positions for this current program year are shown in Attachment I. These goals, included as examples, were adjusted/revised for "specialty" Account Executive and Recruiter positions. Each month staff report their actual results, those results are audited and a comparison against goals is completed. If staff exceed their monthly goals, an established incentive is paid. The incentive plan put into place at the beginning of this program year, July 1, 2017, remains active and the Account Executives and Recruiters continue to earn incentives under this plan.

Account Executive and Recruiters' goals change each year; in one previous year for example, the goals were based on a team's achievements. The average incentive earned and paid to Recruiters and Account Executives in calendar year 2017 was \$5,234.76. Graphs showing the amount of incentives earned and paid to each Recruiter and Account Executive in 2016 and in 2017 are shown in Attachment II. Please note that the incentive plan usually changed mid calendar year with the change in our program year which begins July 1st of each year.

No other staff within CareerSource Tampa Bay or CareerSource Pinellas, including other Business Services staff, have the opportunity to earn monthly incentives for work accomplished and/or goals met. In addition, in 2016 when Evergreen Solutions surveyed other workforce boards within the state to quantify the incentives they provided to staff, they reported "WorkNet currently offers employees in the Recruiter and Lead Business Services Recruiter additional financial incentives based on successful performance. Evergreen included questions relating to this incentive pay in its survey process. Of those peers that responded to these questions, none provided an incentive for their recruiter positions in the form of a one-time incentive. However, these same peers acknowledged that these employees'

placement rates are a major factor in the performance review process, which determines the size and eligibility of employee raises.”

Finally, questions have been raised in the last few months as to whether the goals included in these incentive plans resulted in practices that are now being questioned as to their allowability and appropriateness.

Discussion

The CareerSource Tampa Bay and CareerSource Pinellas Committees and Boards should discuss and determine if these monthly incentives for the Account Executive and Recruiter positions within the Business Services Department are justifiable, relevant, reasonable, defensible, and necessary to accomplish the vision of the Workforce Innovation Act – to “improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet the skill requirements of businesses and enhance the productivity and competitiveness of the Nation.”

If the Board determines that these monthly incentives for the Account Executive and Recruiter positions within the Business Services Department should continue, then further discussion will be needed on at least the following topics:

- How the incentive plan will be structured going forward (i.e., timing of incentives, difficulty vs. simplicity of plan, etc.),
- The types of goals/objectives that should be established to ensure unintended results are not achieved (what you measure is what you’ll get),
- The balance needed in the actual measurable goals that will motivate but not discourage staff,
- The percentage of total salary or amount that should be available to be earned as incentives, and
- Whether or not there will be a cap on the amount of incentive available to be earned.

If the Board determines that these monthly incentives for the Account Executive and Recruiter positions within the Business Services Department should not continue, then further discussion will be needed on at least the following topics:

- Will these incentives be ended immediately or phased out over a period of time,
- What will take the place of these incentives (such as a salary increase, non-monetary incentives, etc.), if anything, and
- Will this put CareerSource Tampa Bay and CareerSource Pinellas at a disadvantage in future recruiting to fill any vacancies in these positions?

Outcome

No action was taken on this matter. The Compensation Committee recommends keeping the incentives plan the way it is, for the time being. Staff and HR will work on provide recommendations on possible options to move forward. The Committee will reconvene in the new fiscal year for further discussion on the matter, after a clearer organizational structure has been established.

Action Item 7

Compensation and Goals for Interim Directors

Background

With the administrative suspension of the CareerSource Pinellas and CareerSource Tampa Bay President and CEO on February 14, 2018 and February 2, 2018 respectively, the Chairs of each Board appointed a current staff Director to serve as Interim Director to oversee the day to day operations of the organization and ensure a continuity of service delivery. As the length of this assignment was undetermined, no adjustment in compensation was authorized at the time of the appointment.

The roles and responsibilities of the Interim Director position are significantly more comprehensive and wide-ranging than the roles and responsibilities of the positions these individuals had before their appointment as Interim. See position descriptions under Attachment I. Juditte Dorcy was the Director of the Youth Department (Director of Programs) overseeing the delivery of services to youth and Jennifer Brackney was a Director of Projects responsible for various special projects such as grant writing and drafting the organization's five year plan.

Goals were established previously by the Compensation Committee and then full CareerSource Pinellas Board for the President and CEO – those annual goals are shown in Attachment II. In this current situation, these goals may or may not be reasonable and applicable for the two Interim Directors. The goals set for the Interim Directors for their previous position's responsibilities are not applicable to this new role as Interim.

The salary ranges in the compensation plan for these two Director's and President and CEO positions follow:

Position Title	Minimum Salary	Mid Salary	Max Salary
Director of Projects	\$ 74,000.00	\$ 96,200.00	\$ 118,400.00
Director of Programs	\$ 79,900.00	\$ 103,900.00	\$ 127,900.00
President and CEO	\$ 140,000.00	\$ 182,000.00	\$ 224,000.00

Both the CareerSource Pinellas and CareerSource Tampa Bay Boards have, in a publicly noticed meetings, voted to terminate the President and CEO without cause effective with the latest date of a vote by the Board on March 21, 2018.

Discussion

The CareerSource Tampa Bay and CareerSource Pinellas Committees and Boards should discuss and determine if it is justifiable, reasonable, and defensible to adjust the compensation of both Interim Directors, Jennifer Brackney and Juditte Dorcy and, if so, the method of that increase (salary increase, monthly bonus tied to goals accomplished, end of interim assignment bonus tied to accomplishments, etc.) and the amount of the adjustment.

In addition, regardless of the decision on compensation, measureable and meaningful goals should be established for the Interim Directors and a process of evaluation of accomplishments should be designed and implemented.

Attachments

Attachment II – President and CEO annual goals

Attachment III – Current compensation

Attachment IV – Accomplishments to date

Recommendation

The Compensation Committee recommends that each Interim Director be compensated an additional one thousand dollars (\$1000) per month, for every month that they have been performing, and continue to perform their Interim duties. The motion carried with 4 YEAs and 2 NAYs.

** Availability and maximum amount to be awarded are considered each year by Compensation Committee and then Executive Committee and full Board.

*** Depending on which benefits are elected and the cost, any remaining stipend rolls through to gross wages.

Attachment IV

Accomplishments to Date by Juditte Dorcy Report to the Compensation Committee

To promote accountability and transparency of this organization's employment and training programs to the Hillsborough Board of County Commissioners, the community, staff and local business leadership, I have

- Met weekly with the Hillsborough BOCC liaison and once with the Assistant County Administrator to discuss issues and progress.
- Attended the Hillsborough BOCC meeting to be available to answer any questions raised by the Commissioners on the approval of the Workforce plan.
- Attended the Hillsborough Tampa EDC board meeting to answer any questions or concerns posed by other members and continue our part in building relationships with new business development and retention of employers in Hillsborough County.
- Worked with the Hillsborough BOCC to identify and initiate recruitment of new Board members from large county employers to fill the current vacancies on the CareerSource Tampa Bay Board.
- Entered into a short term contract with a public relations firm to assist staff in developing targeted messages to employers, staff and partners. Media training has been scheduled for 15 management staff. As a result of the assistance gained from this public relations firm, we feel we have managed to stop 4 negative stories from printing.
- Developed and I am in the process of implementing an Ethics Hotline which will give staff the opportunity to report/share any actual or perceived violations of policies, including the capability to anonymously report, to an independent 3rd party. We are planning to launch this Hotline in early May.
- Visited every One-Stop Center in Hillsborough on multiple occasions to make myself available to staff to discuss any issues with which they have concerns.
- Spearheaded efforts to address rodent and pest problem at the Tampa Center (State owned building) by demanding action by DEO. Daily and weekly updates are being provided to staff and DEO as warranted.
- Worked to provide responses in a timely manner to media record requests.

To assure administrative and financial compliance of the organization and individual programs, I have

- Secured the assistance of DEO to provide training to our front line staff on key program policies. Schedule is being developed for immediate deployment in early May.
- Scheduled, coordinated and managed the DEO Financial monitoring visit and USDOL's abbreviated review for Hillsborough County. Both entities will return the week of April 16th to continue their reviews.
- Worked with HR to develop and implement a family member disclosure statement for all new hires. We plan to send this out to current staff within the week.

To assure adequate control of all funds and to ensure that overall financial performance remains within Board approved budgetary parameters and within minimum and maximum

limitations established in applicable laws and regulations I have met with the Finance Director one-on-one to review expenditures and met with HR to discuss the appropriate coding of payroll by staff person. More attention is planned on payroll coding as we move forward.

I am working daily to strategically align our workforce development programs to ensure that employment and training services provided by the core programs are coordinated and complementary so that job seekers acquire skills and credentials that meet employers' needs. To date, I have

- Promoted a current staff to Director of Programs to manage the WIOA adult, WIOA dislocated worker, WIOA youth program, Welfare Transition program, SNAP (food stamp) program, and special grants received.)
- Expanded another current Director's responsibilities to include management and oversight of the Wagner-Peyser programs (resource rooms)
- Met with each Director to align the services under our On the Job training (OJT) program, Employed Worker Training (EWT) Program, and Paid Work Experience program (PWE).
- Secured annual training vendor agreements with approved training providers.

To continue to improve services to employers and promote work based training to ensure that our services are employer driven and contribute to the economic growth and business expansion in our community, I have

- Worked in partnership with Jennifer Brackney to reorganize the Business Services Department. I have also directed Business Services staff to continue to communicate with our current employers, follow-up on their requests for services, answer any questions employers may have about our current situation and emphasize to employers that we are moving forward. This has resulted in 3296 new job vacancies posted since 2/2/18 in Hillsborough County (2952 were employer entered and 344 staff entered) with 104 new employers registered for services. Three of those new employers include Disney, Southwest Airlines and Burger 21.
- Convinced Hillsborough School District to continue their teacher and transportation recruitment partnership with CareerSource Tampa Bay. This allows us to assist in recruitment of 1900 individuals. Teacher recruitment started in January and continues through August for fall start. Hillsborough School District is the 8th largest school district and the largest employer in Hillsborough County.
- Met with the Board Chair and Citi to encourage them to continue the relationship with CareerSource Tampa Bay. The Chair and I were able to begin communication strategies with Citi to keep them informed on the status of their grant to us. We are currently at 36 of the planned 150 enrollments for the Pathways to Progress grant that funds trainings in Welding, Soldering, Building Trades/Construction, Mechatronics Robotics, Microsoft Training and Hospitality. I have assigned additional current staff to manage this important grant to meet all deliverables. We were successful in getting Citi to agree to continue the partnership.

To place special emphasis on the development, implementation and/or expansion of strategies for meeting the needs of local employers, workers and job seekers through sector partnerships related to in demand industry sectors and occupations, I have

- Directed the completion of a grant application for Apprenticeship funding in Hillsborough County, partnering with HCC and a local Migrant and Seasonal Farmworker agency.
- Expanded responsibilities of two key staff to include business outreach and partnership development in the community.
- Authorized the letting of a Business Association procurement action to reach out to chambers and other associations and encourage continued partnership with CareerSource Tampa Bay.
- Coordinated the two Career Fairs held in February and March which had 49 employers in attendance and 239 job seekers. Also worked with Pinellas on the Professional Mixer and Internship Fair which were well received by both job seekers and employers. Candidates for the Professional Mixer are currently in the interview process by New Horizons, Geographic Solutions, Burger 21 and Greenway Health and follow up will continue to provide end results.

Attended the National Association of Workforce Boards annual Conference in Washing DC over the weekend to guarantee that I maintain and utilize a working knowledge of significant developments and trends in workforce development to ensure effective and appropriate positioning of the organization for future relevancy and success.

To provide access to high quality training to help job seekers acquire industry recognized credentials for in demand jobs, I have

- Continued to move forward to outreach for job seekers to enroll in the short-term career ready training programs at the Career Prep Center and employers to get involved in hiring the training graduates.
- New employers working with us on CPC programs include
 - International Paper is one of the world's leading producers of fiber-based packaging, pulp and paper. International Paper visited the CPC on March 14, 2018. Steven Ruiz from our Mechatronics Class is in the final stages of interviewing with this company and is expected to be hired soon.
 - Monsalve Tool & Design (MTD), is the manufacturing division of McManis & Monsalve Associates. Last week I forwarded resumes from our Mechatronics graduating class and they are very interested in these students.
 - Coremark operates a logistics and distribution Center near the Fairgrounds and is interested in some of our CPC Graduates. We sent training graduates to a Recruitment Event that they hosted last Thursday. We are expecting that 1 student will be hired in the next seven days.
 - Hepaco visited the CPC on March 22, 2018. Hepaco is a high quality environmental service provider and they have evolved into one of the market leaders providing solutions to solve the environmental challenges of our

- clients. Hepaco met with our Mechatronics students and conducted an information session. Two of the students were interested, and we're anticipating that they may be hired soon.
- Amalgamated Steel is a steel fabricator in the Palm River-Clair Mel area. I had contacted the HR Manager several times in the last 4 weeks about our services, and they finally responded last week. They have invited us to tour their facility later this week and are very interested in hiring Welder's Helpers from our Welding class.
 - Plastipak provides packaging solutions and has a plant in Plant City. I recently contacted them and they are very interested in the CPC Students. We hope to tour their facility this month.
 - PTR Baler & Compactor manufactures Vertical Balers, Compactors, Tippers and Biogreen Composters in Philadelphia PA. PTR also provides parts, installation and emergency repair service for waste and recycling equipment. They have a plant in Plant City where they hire Welder's Helpers. They recently took a tour of the CPC and were impressed with the knowledge of the Welding students. We are planning to work with them in the near future.

April 9, 2018

Mr. Mike Mikurak, Chairman
Compensation Committee
13805 58th Street North, Suite 2.140
Clearwater, Florida 33760

Dear Mr. Mikurak,

As you know, Mr. Aundre Green asked me to serve as Director, Interim on Thursday, February 1, 2018 as Mr. Peachey, President & CEO was placed on paid administrative leave. As part of this appointment, he asked that I oversee the operations of CareerSource Pinellas.

During the past eight weeks, most of my activities have been reactive. I have not had the opportunity to demonstrate many of my proactive accomplishments. I have received 8,257 email and responded to over 2,500; received four anonymous letters and read/filed 105 articles; received a whistleblower letter and subpoena; received 74 records requests from the Tampa Bay Times and 17 requests from DEO, DOL, OIG and Marion Hale; held 12 Board, Executive or special meetings; maintained Programs, managed Business Services and the Science Center; dealt with numerous Fiscal and HR issues; and worked to align staffing duties with payroll.

In addition, I have met with staff and, to the best of my ability, answered questions regarding the transition. I've listened to staff concerns, comforted staff that cried in my office, addressed concerns about past practices, and implemented several immediate changes within Business Services to better align with DEO/DOL expectations.

Some of my proactive accomplishments have been in the areas of HR and Finance. I have attempted to better understand the staffing of the organization and recommended changes to have a direct line of authority for staff and to better align staff activities with payroll. I have also attempted to promote greater transparency in both Finance and HR. Both of these areas were supervised directly and closely monitored by Ed Peachey and there was not a lot of transparency. In addition, I have maintained many of my previous duties, including writing grants, supporting the Science Center and submitting an approved Two-Year Modification to the Local Workforce Plan on behalf of both CareerSource Pinellas and CareerSource Tampa Bay.

I believe we have a committed, professional and dedicated staff. It has been my pleasure to work with them, in this capacity. I have taken my role of supporting staff and the mission of this organization seriously.

As we move forward, the one thing I would ask from the Board is a commitment to move forward with a detailed staffing plan for both regions, clarifying the authority of the Director, Interim and delineating lines of reporting for staff.

Please find attached an outline of some of the specific issues and concerns that I have addressed within the past eight weeks and a copy of my resume for your review. If there is any additional information I can provide to assist with this process, please let me know.

Sincerely,

Jennifer Brackney
Director, Interim

Minutes of March 16, 2018 Ad Hoc Meeting

The minutes of the March 16, 2018 Ad Hoc meeting were presented. There was no further discussion.

Options for Organizational Structure

A copy of the powerpoint presentation was provided at the meeting. Chairman Price stated the purpose of this meeting is to discuss how we are moving forward and the alternatives to the [organization] structure. Interim Director Brackney referred members' attention to the presentation.

Shared Services Plan

- The plan was put in place in 2013. The reason why Hillsborough's savings was high is because there were 47 positions that were included prior to the implementation of Shared Services Plan. After the Shared Services Plan, the number of administrative staff was reduced to 19, with a saving of \$2.5M. For Pinellas, the number of administrative staff remains the same at six (6). Total salaries and benefits cost was reduced from \$611,401 to \$480,173.
- Brackney provided a clarification that only administrative staff were included, but not frontline staff.

- Frontline staff were included as shared in about July 2014, when the COO & CFO positions were eliminated and the organizational structure was flatten and changed to the “Directors” structure. Most of whom were shared staff, and some of their frontline staff became part of the shared structure.

Interim Activities by Interim Director Brackney

The following activities were happening since February 1st. There were other myriad of activities happening, but wanted to highlight the below activities. The last eight weeks have been reactive, and we are moving forward the best that we could.

- The submission of the Two-Year Modification to the Local Workforce Plan is on schedule to meet with DEO’s deadline. The local plan will be included as part of the Statewide Unified Plan for submission to DOL.
- Over 8,200 emails were received in the last eight (8) weeks. Responded to over 2,500 emails.
- We’ve had 105 articles, four (4) Anonymous Letters/Whistleblower Letter/Subpeona.
- We’ve had 12 Board, Executive, and Special Meetings since early February.
- 74 public records requests
- 17 records requests from DEO, USDOL, DEO OIG, and Marion Hale.
- We’ve had a 10-day DEO Program Monitoring.
- 2-weeks fiscal monitoring by DEO
- Still in the process with DOL/DEO monitoring on Fiscal, Governance, and Performance (2 weeks)
- Various HR-related issues on staffing and staffing plan.

Current Organizational Structure

Some of the challenges we are facing:

- Both Interim Directors have been working on interim-related activities, directing business services activities, special projects, and working with other staff.
- Blurred line of authority. Who reports to whom? For example, what would the [shared frontline] staff do when they received different directives from both Interim Directors?
- Aligning staff work duties based on payroll and how it’s funded. For example, if the staff’s wage is charged 50% to Hillsborough & 50% to Pinellas. The staff is expected to spend their time accordingly.
- Referring to the current organizational structure, effective August 2017, MIS and Business Services staff were centralized. Prior to that, there were designated staff members for each region.
- Board chair involvement and interaction with staff differs for each region.
- Mixed messages from board members. For example, some board members said operate as is, while others said be prepared to split, and others said let’s identify the shared service.

These are some of the things that we need to be aware of as we move towards the next phase.

Some opportunities between now and thru the end of June:

- Making sure that we are focusing on performance and expenditures.
- Making sure that we are doing what DEO expects us to do.
- Promote transparency. We have begun posting agenda packets and minutes online. We will continue with our pursuit of transparency.
- Better align staff with their duties with payroll and region – especially in program operations, business services, and MIS. There is a staffing plan that we can move forward with tomorrow.
- We continue to support the Science Center. The parking lot will be resurfaced. We've maintained CIE certification for CyberSecurity class.
- Align with Board of County Commissioners reporting schedule.
- More clearly defining lines of authority for administrative staff.
- Assist with posting and filling ten staff positions for CSTB.
- Hosting regional career fair opportunities.

The following points of discussion ensued:

- Funding for parking lot resurfacing has been funded by the Juvenile Welfare Board.
- A clarification on the financial report being requested by Pinellas County Board of County Commissioners, the Commissioners have requested that we provide a more detailed report on budgets by using their template. This report is being requested by May 1st. We will be meeting with Pinellas County BOCC representatives to further discuss the reporting format.
- There was a discussion regarding Business Services staff being paid hourly, plus commission. Have we restructured their pay so that we don't have to pay commission? This matter will be discussed at the Compensation Committee meeting being held today.
- Alice Cobb provided the following clarification on how MIS staff members are coding their timesheet:
 - The MIS department serves both regions, with one supervisor.
 - Staff are charging their time based on activities and region
 - When we consolidated MIS staff last March, three staff members were let go and their duties were distributed to other MIS staff members.
 - There are payroll codes for work activities, for each grant. Such as WIOA Adult, Youth, Dislocated Worker, and Welfare Transition. I would charge between four to six payroll codes every day.
 - How would Finance reconcile that with budgets? They look at historical data, number of enrollments, % of enrollments by region.
 - Are there any staff that are under contract? No.

Next Steps: Three potential options for consideration, review, and discussion.

Option 1: Two Boards, One President/CEO, CFO/COO, Shared Services. Frontline staff will not be shared.

The following points of discussion ensued:

- There is an opportunity to bring back the positions of CFO and COO, if the Board wishes. By adding CFO & COO positions, the total staffing cost will increase.

- There are about 230 staff in total from both regions, 55 staff members are shared or co-mingled.
- Shared Services percentage is calculated based on which region is being charged and by using payroll records.
- Commissioner Murman requests for a copy of the shared services agreement.
- Mr. Kenneth Jones has been assigned as the in-house liaison at CareerSource Tampa for Hillsborough County.
- The decision to stay together or split lies with the two county commissions. As such, direction would be needed from the respective commissions, before choosing an option on how to best move forward. Counsel recommends that board members be invited to the joint meeting of the county commissioners.
- The Hillsborough County Commission has asked the CSTB board members to re-submit application for reappointment.

Option 2: No shared staff. There is a need to establish the staffing needs of each region, and the impact on staff.

Option 3: Two CEOs – Shared staff. Define what administrative activities would be considered as “shared services.”

At Commissioner Murman’s request, Ms. Cobb, HR director, provided input that current staff members should be given an opportunity to provide their feedback in some of the decision-making process, since many of them are subject matter experts in their respective roles. Front line employees also want to know that their experience is being taken into consideration.

Information Item - Science Center Update

The Science Center is an independent, science and technology center dedicated to delivering innovative, dynamic learning experiences that piques the curiosity of young minds, while laying a foundation for relevance of STEM to their future career options.

It is located on seven acres in west Saint Petersburg; the 28,000 square foot space features a planetarium, observatory, and a 600-gallon marine touch tank. Through real-world applications, we expose people of all ages to the possibilities of science and technology to create a better future for young science enthusiasts, the Science Center provides hands on classroom activities and educational camps that explore our environment, robotics and outer space!

For adults, the Science Center offers employability skills programs for occupations in high demand and workshops to expand career development in a professional learning environment.

In addition to providing valuable scientific and high tech experiences, the Science Center supports local businesses and industry with current workforce needs assessments, customized training and solutions for growth.

The Science Center is in the midst of a transformation that will enable us to expand the STEM education and career development offerings in Pinellas County. As we embark on this next chapter, the commitment to provide innovative STEM education continues. Therefore, as we think about the future of the Science Center, we must also consider the financial impact.

Background: Effective December 12, 2014, a business loan was obtained for the principal amount of \$700,000 with an interest at a rate of 4.650% per annum based on a year of 360 days. The proceeds of the loan were used to pay-off the remaining principal and interest of the mortgage payable existing at June 30, 2014. The payment terms require 59 regular payments of \$4,511 each and one irregular payment of \$585,710. The final payment will be due on December 10, 2019, and will be for all principal and all accrued interest not yet paid.

In order to move forward strategically and, in an effort to provide pertinent information well in advance of 12/10/2019, we are in the process of reaching out to the financial institution to determine options for the balloon payment.

**PAT GERARD
COMMISSIONER**

Dear Commissioners Murman & Gerard:

Thank you both for all of your hard work exposing the corruption at Career Source Pinellas and Career Source Tampa Bay. Due to your dedication and relentless follow-up, you were successful in the termination of Ed Peachey and Haley Loeun. They were the two leaders responsible for creating and running a toxic work environment, unethical personal practices, and intentionally creating fraudulent placements.

However, as employees here, we want you to know that there are other major problem areas that need to be addressed as soon as possible.

Alice Cobb, Director of Human Resources, and Don Shepherd, Director of Special Projects, are still in place and are somehow escaping the notice of the board. We were hopeful that both boards would conduct an investigation within the agencies to identify who did the behind the scenes "dirty work" for Peachey and Loeun. Surprisingly that has not happened. Alice Cobb and Don Shepherd are two of the main culprits yet somehow stay under the radar but they are every bit as guilty as Peachey and Loeun.

Current problems less noticeable are the two interim CEO's Jennifer Brackney and Juditte Dorcy. Neither is equipped to handle the responsibilities of an Executive Director or President/CEO. Their leadership qualifications and style is certainly questionable and we are sure they will continue to revert back to the tyrannical management style they know.

The rank-in-file is very displeased with "more of the same" leadership and is anxiously awaiting new leadership. New leadership is absolutely necessary to improve morale and rebuild brand

Don Shepherd was the "guy" responsible for going into Employ Florida Marketplace (EFM) manipulating the placements to make them appear legitimate. Without board supervision over him the past two months, he has been free to go back into EFM and scrape clean all of his evidence.

Alice Cobb has already been discredited in Tampa Bay Times. She was hired by Peachey after being caught in the Orlando Workforce Agency scam. Ed Peachey's

claim that he was unaware of her previous employment is incredulous. It is very disconcerting that Alice Cobb remains in her current position.

With Alice Cobb, Director of Human Resources, deciding which resumes gets forwarded for interviews to the Board - qualified candidates will be passed by in favor of lower level candidates so as to not hire anyone who would question the continued unethical behavior. Thus reverting back to the hiring and firing practices put in place by Peachey and Loeun. **Alice Cobb should not be involved in screening or sourcing new leadership candidates!**

It is imperative that the Board of Directors for both CareerSource Tampa Bay and CareerSource Pinellas organize a "Selection Committee" to screen and interview new qualified candidates for leadership positions. (They are incorrect to assume that somehow the "status quo" leadership team is acceptable.)

After reading the Tampa Bay Times article today, so pleased to see that board members will be required to reapply for their volunteer positions. As there appears to be discord among board members: those who stayed in contact with Peachey and voted he should receive a severance/payout vs. those that know they did the correct thing by terminating him. Peachey's termination seems to be the only issue the Boards of Directors were focused on. By limiting their focus, they are once again failing to provide appropriate "Oversight of the Workforce Boards". They are falling short of their commitment by not hiring new leadership quickly.

It is very unfortunate that the citizens of Hillsborough and Pinellas counties had to experience the failure of their local workforce boards. If the Boards had provided "oversight" this entire scandal would have been recognized and avoided years ago. The unemployed citizens are entitled to a full-service workforce boards.

Questions:

- Why are both Boards of Directors dragging their feet in moving forward to establish a "Selection Committee" and a search for a new Executive Director along with new directors?
- Why are the Boards not conducting their own interviews with employees?
- When will a Selection Committee be in place to begin interviewing new leadership?

Thank you both for your efforts and genuine concern for those who are left without leadership and direction. Our counties are lucky to have Commissioners like you!
