Discussion

Members inquired about how the events that occurred during the year affected the organization's ability to expend its grant dollars in a proactive way. Several expenditures are currently on track with past years spending. Some items that may experience a change in the future will be the OJT and EWT programs, as the organization heeds recommendations from State officials to strictly enforce program guidelines.

Request that some of the financial activities be presented to the full board, from a "bird's eye view" perspective, highlighting what the issues might be and how the administration plans to address them.

New technology systems are being implemented in the Finance Department, to make the process more seamless and efficient. The next report to the Finance committee will be from a cost allocation perspective.
