Action Item 2 – Relocating Science Center Items

I. Iguana Sanctuary

On 3/20/2019, the Board of Directors approved to set aside \$ 40,000 from the proceeds of the sale of the Science Center property, for the transfer of the Iguana Sanctuary.

Discussion: During the meeting, some board members expressed concern about spending such a significant sum of money for the relocation of the animals. Iguanas are not native to FL and are deemed an invasive species, therefore they cannot be released into the wild. This item was previously voted on and approved by the board of directors in April 2019. Staff is currently working with Gulf Coast Iguanas to establish a new location for them. There were various opinions voiced about the matter and whether or not euthanization was a possible option to consider. A decision on

the iguanas would need to be made, before the CSPIN staff officially moves out of the Science Center location and turns the property over to the City of St. Petersburg.

A motion was made to reconsider the allocation of the \$40,000 that were previously approved for the relocation of the iguanas. Due to varied responses, a rollcall of the board members present at the time of the vote was taken.

Motion: Jack Geller
Second: Commissioner Gerard

17- Yes
8 – No

A subsequent motion was made to table the discussion of the iguana sanctuary until further notice.

Motion to table: Jack Geller
Second: Barclay Harless

The Board of Directors approved to table the discussion regarding the iguana relocation until further notice. The motion carried unanimously. Board members suggested to reach out to other organizations such as FL Fish & Wildlife to inquire about possible options. This exhibit was opened in 2000 and is currently being maintained by an in-kind partnership with Dan Calvo of "Little Oceans". If agreed, Mr. Calvo would like to acquire the 600-gallon touch tank, to be relocated at his expense.

 3. **Ball Python:** Additionally, there is a rescued female ball python. She is very calm in nature and measures approximately 4 feet.
- **In progress.** Staff has been contacted by the office of St. Pete Councilwoman Gabbard, who has expressed an interest in helping us find homes for these animals.

Board Comments on Financial Management Goal Achievement:

Ms. Karla Leavelle, Board Chair: A major positive change under Ms. Brackney’s leadership has been the financial reporting to the board.

Commissioner Gerard: I have been very pleased with the increased transparency and the amount of work that has been done in the past nine months in this area.

Mr. Mike Meidel, Board Secretary: New financial reports better represent the status and impacts of multi-year grants and obligations. Internal financial audits provide better oversight. Jennifer should work with CFO in the coming months to make sure the next planning budget is presented to Pinellas County staff for agenda review as early as possible, but no less than 6 weeks before the last BCC meeting in June 2020.

Mr. Russell Leggette, Board Member: N/A

CEO Comments on Financial Management Goal Achievement:

CSPIN has made incredible strides in the area of Financial Management. When I took over as CEO, there was no CSPIN finance department. The entire finance department had to be built from the ground up. A consultant was hired to bridge the gap until a CFO was

hired. By December 2018, there was a functioning Finance team in place with a CFO and two Finance Specialists. Working with the CFO, revenue, expenditure and cost allocation reports were created and presented to the Board. To facilitate tracking and reporting financial activities, the entire financial management system was upgraded to Microix and Abila. Internal controls were reviewed and updated to assure adequate controls and accounting of funds. DEO conducted a full onsite monitoring review in June 2019; there were no findings identified in the exit summary meeting. Additionally, DEO conducted an impromptu onsite review of 100 percent of supportive cards.; there were no issues identified. Seven RFP's were issued, reviewed and contractors were selected for services, including: IT, EDMS and Website Services, Commercial Insurance, Employment Engagement Survey, Youth Services, Benefits Plan and HRMS/Payroll, and Employed Worker Training. A full review of internet services was conducted yielding more enhanced internet bandwidth, eliminating duplicative services and decreasing the monthly bill by \$300.

All of these actions were conducted with Board approval and full transparency. Every effort has been made to ensure the LWDB and BOCC receive the full scope of information in a timely and comprehensive manner. Based on the timeline provided by DEO and CSF, a six week notice for approval of the budget isn't always feasible. CareerSource Florida approved the final allocations at the Board meeting on 5/23/19. The planning budget was presented to the Finance Committee on 5/28/19. The Board approved the budget on 6/5/19. The minutes from the Board meeting were completed the next day. The entire submittal including all approved attachments were sent to the BOCC staff on 6/6/19 for inclusion in the 6/18/19 BOCC agenda packet. Throughout this process, there was regular communication with Pinellas County staff and a timeline for budget approval was provided in advance. The support of the Pinellas County staff is very much appreciated. They have been professional and accommodating. We are open to suggestions regarding the budget approval process in June 2020.

Board Comments on Legal Compliance Goal Achievement:

Ms. Karla Leavelle, Board Chair: This year has been a very difficult one with the DOL investigation. Ms. Brackney has kept the board abreast of all developments. Additionally, she has kept the Board updated on pending litigation with employees. To my recollection this was not done in the past. Additionally, she deserves credit for the smooth closure and potential sale of the Science Center.

Commissioner Pat Gerard: Jennifer has responded in a very professional manner to an abundance of monitoring visits and reports, as well as shepherding the sale of the Science Center and other issues.

Mr. Mike Meidel, Board Secretary: Sale of Science Center and termination or transfer of its programs appears to be going well. Point of Service satellite offices sound like a good idea – need to ensure adequate staff support and supervision moving forward. Identifying new Legal Counsel will be critical in the coming months. Appreciate the calm and professional response to DEO’s Tracker requests and during meetings with Hillsborough County and CSTB leadership.

Mr. Russell Leggette, Board Member: N/A

CEO Comments on Legal Compliance Goal Achievement:

By any measure, CSPIN has faced unprecedented review and scrutiny. During the past nine months, DEO, EEO and USDOL have conducted over six weeks of onsite programmatic and financial monitoring. Throughout all this, the CSPIN Leadership team has continued to shoulder the burden for reviewing and responding to past practices; endeavored to sell the Science Center and conducted a strategic review of full service and satellite offices creating a plan for more visible representation in the community.

The BOCC moved forward with the final approval of the LWDB Board Bylaws on 7/23/2019. In anticipation of the approval of the Bylaws, an Ad Hoc Counsel meeting was scheduled for 9/9/19 and Board Counsel RFP was drafted for review. I look forward to working with the Board and BOCC to ensure Board Counsel is in place to address any upcoming legal issues.

Board Comments on Strategic Planning Goal Achievement:

Ms. Karla Leavelle, Board Chair: Ms. Brackney’s has endeavored to follow the board’s lead in the area of strategic initiatives, which is to be focused on the short term turn around issues. As stated in her self-assessment a strategic plan meeting will be held Q4. Given that she has done what was expected so far in her year contract I’ve only rated her meets expectations. I am confident if I were to review this at end of Q4 she would exceed expectations.

Commissioner Pat Gerard: N/A

Mr. Mike Meidel, Board Secretary: Jennifer did a good job preparing the PowerPoint and presentation to the board at the beginning of her contract period and laying the foundation for our overall strategic vision. Board engagement on strategic issues has been limited since that time, due to having to deal with day to day tactical issues. I look forward to more in-depth board engagement at the future planning meeting.

Mr. Russell Leggette, Board Member: N/A

CEO Comments on Strategic Planning Goal Achievement:

CSPIN has been in a reactive mode focused on dealing with the immediate issues at hand and responding to past practices. However, great strides have been made in developing a foundation for overall strategic vision. As we move in to Q4 2019, I look forward to engaging the Board in strategic planning activities to review and align organizational goals and continue to focus on sector strategies.

Board Comments on Governance Goal Achievement:

Ms. Karla Leavelle, Board Chair: Ms. Brackney has been able to balance the needs of the CSPIN board, BCC, and FL DEO.

Commissioner Pat Gerard: The Board is functioning very effectively with the changes and is much more engaged than in the past.

Mr. Mike Meidel, Board Secretary: Jennifer very professionally guided the separation of the shared services arrangement into two separate organizations. She also oversaw the onboarding of a significant number of new directors totaling over 60% of the full board. I'm not familiar with the Board Policy Manual or the formation of an ad hoc committee to review it. This should be a priority in the coming months.

Mr. Russell Leggette, Board Member: N/A

CEO Comments on Governance Goal Achievement:

It has been my pleasure to work with the Board, the officers and committees to fulfill its governance obligations while balancing the needs of the Board of County Commissioners, Department of Economic Opportunity and CareerSource Florida.

Board Comments on Workforce Development Performance and Programs Goal Achievement:

Ms. Karla Leavelle, Board Chair: It would appear that Ms. Brackney has exceeded the goal outlined. A future goal would include more information coming to the board on these programs and how the programs tie to the needs of employers.

Commissioner Pat Gerard: Meeting objectives, increasing visibility and improving relationships in the community.

Mr. Mike Meidel, Board Secretary: Applaud the increased number of Career Fairs and better attendance, also the ongoing success of the Professional Networking Group and adaptation of the program for all career seekers. The Industry Services team still has a lot of work to do to heal old wounds and misunderstandings. Further intensive direct outreach to individual employers and industry associations will be needed. Mr. Mike Meidel, Board Secretary: Good to have a new marketing person on staff with CSPIN. Already seeing more items in emails and social media. Important to keep up a steady flow of success stories to let employers know they are missing out if they haven't given CSPIN another try. Industry Services team needs to continue to reach out the individual employers to create those success stories. Important to continue to connect with Tampa Bay Partnership's Talent Pipeline program, as local manufacturers are focusing on identifying key skills that we'll need to connect to training providers.

Board Comments on Organizational Leadership Goal Achievement:

Ms. Karla Leavelle, Board Chair: On the people issues of the organization, Ms. Brackney has accomplished much in a very short period of time. The employee survey was significant to benchmark the pulse of the employees. The town hall meetings serve as a wonderful communication vehicle to all staff. Aligning the performance review period with the program year was long overdue. The compensation review and market adjustments of salaries is a first step in addressing issues from the employee survey.

Commissioner Pat Gerard: It would not be unusual for a new CEO to get a negative reception from staff, especially when changes in salary structure and job duties were necessary, however staff seems quite supportive of Jennifer and she has focused on making positive and fair changes in the work environment.

Mr. Mike Meidel, Board Secretary: Great job handling the complex transition from shared services to two entirely separate organizations. Hired excellent new CFO and rebuilt the Finance team from nothing. Reached out to employees for input and began addressing the identified issues. Good job forming a “quality review team.” Their work in updating the SOPs and Desk Guides will be critical to an appropriate and acceptable response to the DOL findings.

CEO Comments on Organizational Leadership Goal Achievement:

The workforce professionals at CSPIN have been incredibly committed and focused on continuing to maintain programs and services during these challenging times. CSPIN has had the opportunity to grow our workforce from within, promoting two directors and expanding the leadership team from two to four. The Leadership team includes a CFO, Director of Workforce Operations, Director of Workforce Programs and a Director of Strategic Initiatives. We look forward to working with the entire CSPIN team to improve customer services, find ways to better connect talent and employers, and enhance the overall experience for those we serve. We are also committed to building an organizational culture that is focused on the success of our employees. The Town Hall meetings and Employee Engagement Survey provided an opportunity to listen to the collective and individual voice of our workforce. As a result of these initiatives, the four areas of focus included a comprehensive compensation analysis, a review of health and wellness benefits, improved communication and ongoing professional development.

Other Comments:

Ms. Karla Leavelle, Board Chair: N/A

Commissioner Pat Gerard: I would like to see us renew Ms. Brackney’s contract and make it of a longer duration.

Mr. Mike Meidel, Board Secretary: Jennifer has seen us through a very turbulent time in our organization. She is growing in knowledge and experience daily and I have no doubt will exceed our expectations in the future. She should make every effort to encourage and empower the key members of her team and create an environment that moves from one of extreme stress to one of pride in the organization and their individual roles within the larger team.

Mr. Russell Leggette, Board Member: N/A
